Business Bio:

AWMA Pty Ltd specialise in the design, manufacture and installation of high quality water control infrastructure including penstocks, stopboards and bulkheads. AWMA's standard and site specific water control solutions are manufactured from aluminium or stainless steel. All products are supplied to meet client specifications under full compliance with rigorous engineering and quality scrutiny. Experience gained from the successful completion of many diverse and challenging projects has made AWMA one of the largest and most experienced penstock manufacturers globally.

Established in April 2000, founders Brett Kelly and Rick Bilton have since led AWMA to become the only fully Australian owned specialist penstock manufacturer. The AWMA head office and manufacturing plant is located in Cohuna, northern Victoria with a 2,500m² facility situated on a 20,000m² block, employing nearly 50 staff.
